VIRAJ Elasticated Single Leg Tool Lanyard w/Drawstring Cord and Karabiner – 22 lbs. (ANSI)

Ref: SF-TL-1005

DESIGN

VIRAJ Locking Tool Lanyards helps users stay safe and stay productive while working at heights by reducing the risks associated with dropped tools. The lanyard body is engineered to provide the best shock absorption, slowing the tool gradually if a drop occurs. Locking karabiners require double actions to open, ensuring a secure connection. Integrated swiveling karabiner reduces twists when using tools. The color coded lanyards allow the user to easily identify the lanyard's weight rating.
